

LVENTURE GROUP

LVenture Group S.p.A. is a Venture Capital holding company listed on the Italian Stock Exchange that invests in digital startups with a globally scalable business model. Together with its accelerator Luiss EnLabs, born from a joint venture with Luiss University and thanks to a wide range of strategic partners such as Meta, Leonardo and CDP Venture Capital, LVenture Group is today the point of reference on the Italian Innovation scene. LVenture Group's Hub, 9,000 sqm at Rome's Termini station is a thriving ecosystem that multiplies startups' potential. The investment portfolio includes more than 100 startups. Our business model is mainly based on capital gains from the exits of our startups.

WHAT WE DO

ACCELERATION

LUISS ENLABS

Our startup accelerator LUISS EnLabs, supported by the corporate sponsors Accenture, Intesa Sanpaolo together with Intesa Sanpaolo Innovation Center and Meta, is among the leading ones in Europe to date, Luiss EnLabs has accelerated more than 100 startups, with an 80% success rate in terms of co-investments by the startups at the end of path

VERTICAL ACCELERATORS

ZERO

ZERO accelerates early-stage cleantech startups with hardware and software decarbonization solutions. The Cleantech startup Accelerator of Cassa Depositi e Prestiti was launched by CDP Venture Capital, L'Innovation Group and ELIS with Eni as the main partner and the support of corporate partners Acea, Maire Tecnimont, Microsoft and Vodafone.

INVESTMENTS

Through pre-seed and seed investments of up to €500K and thanks to a wide co-investors network, LVenture Group transforms early-stage startups into scale-ups and great business opportunities.

INNOVATION & CORPORATE VENTURING

Tailor-made open innovation programs creating high-value connection between corporates and startups to contaminate each other and create synergetic innovation, shaping a new kind of entrepreneurship.

CORPORATE ACCELERATOR

BUSINESS INNOVATION FACTORY (BIF)

Business Innovation Factory (BIF) is Leonardo's startup accelerator created in partnership with LVenture Group. Leonardo's new accelerator aims to select, for the next three years, up to 10 startups a year that will develop innovative solutions capable of expanding the company's offer of digital services, enhancing one of the world leaders in Aerospace, Defence & Security.

THE HUB

The Hub is a 9,000 sqm workspace: a stimulating environment, where people gather and inspire each other every day. Our ecosystem puts together entrepreneurs, investors, corporates and institutions in a vibrant community where innovation keeps creating value.
